

DHARMESH R. TALPADA

MECHANICAL & PRODUCTION ENGINEER — QUALITY & ASSEMBLY

✉ dharmeshralpada598@gmail.com | 📞 +91 9913226443 / +91 9586817728 | 📍 Galteshwar, Kheda, Gujarat - 388235

PROFESSIONAL SUMMARY

Results-oriented Mechanical Engineer with over 8 years of experience across Quality Control, Assembly Line Supervision, and Production Operations in leading manufacturing automotive, pneumatic, healthcare, and electronic component environments. Proven expertise in shop-floor management, downtime reduction, Kaizen implementation, Poka-Yoke validation, and 5S/EHS compliance. Demonstrated track record of maintaining zero-defect standards through rigorous root-cause analysis (CAPA / A3) and effective team leadership.

CORE COMPETENCIES & SHOP-FLOOR EXPERTISE

- | | | |
|---|--|--|
| • Shop-Floor Supervision & Shift Planning | • Quality Circle, Kaizen & 5S / EHS Audits | • Manpower Allocation & Shift Leadership |
| • Assembly Line Management & Optimization | • CAPA (A3 Problem Solving) & TL Audits | • Operator Multi-skilling & Training |
| • Rejection & Defect Analysis (Zero Defect) | • First-Piece Approval & Standard Matching | • First-Piece Approval & Standard Matching |
| • Daily Production Reporting & Downtime Reduction | • DRS, WI & Documentation Update | |

PROFESSIONAL WORK EXPERIENCE

Assembly Engineer — Production Department | Medicap Healthcare Limited (7th Oct 2024 – 18th July 2025)

- Leading shift operations and assembly line execution ensuring high productivity, safety, and operational excellence.
- Supervising daily shift manpower, line setup, and alignment with Production Planning and Control (PPC).
- Maintaining strict quality parameters and adherence to industrial manufacturing standards.

Shift Supervisor Engineer — Assembly & Production | SCHURTER Electronics (India) Pvt. Ltd. (20th July 2026 – Still Working)

- Supervised shift assembly operations for electronic components, ensuring adherence to daily production targets, safety, and high-quality standards.
- Managed shift manpower allocation, line balance optimization, and operator task assignments to minimize idle time and maximize line output.
- Conducted daily shift start meetings, tracking key performance metrics (OEE, rejection rate, yield) and coordinating closely with PPC and Maintenance.
- Implemented 5S, Kaizen, and Poka-Yoke validations on the assembly line to maintain zero-defect standards and improve shop-floor ergonomics.
- Facilitated root-cause defect analysis and implemented Corrective and Preventive Actions (CAPA) to prevent repeat line non-conformances.

Junior Engineer — Production Department (Cylinder Assembly Line) | SMC Corporation India Pvt. Ltd. (Dec 2022 – Oct 2024)

- Managed cylinder assembly line operations, daily shift manpower planning, and production target delivery.
- Conducted daily morning meetings with PPC and line leaders to align on targets, logistics, and resource allocation.
- Performed parameter checks, machine validations, DRS, and Poka-Yoke checksheets across assembly machines.
- Driven 5S & EHS audits, Kaizen activities, and weekly Quality Circle meetings to motivate shop-floor operators.
- Executed downtime analysis, daily production reporting, and operator multi-skill training to improve overall line efficiency.

Assistant Engineer — Quality Department | M/S. Subros Ltd. (Auto Air-Conditioning Systems) (Mar 2018 – Nov 2022)

- Spearheaded Quality Control and inspection functions for automotive air-conditioning system manufacturing.

- Executed daily Red Bin analysis, rejection reason identification, defect tracking, and A3 CAPA filing for pass-through defects.
- Conducted Team Leader (TL) Round activities to prevent non-conformances and ensure zero customer complaints.
- Managed First-Piece Approvals using standard specifications, DD 20 activity, and work instruction updates.
- Updated and maintained quality checksheets, troubleshooting manuals, and standard operating procedures (SOPs).

BOAT Apprentice | Gujarat State Electricity Corporation Pvt. Ltd. (Wanakbori Thermal Power Station) (2017 – 2018)

- Completed 1-year Board of Practical Training (BOAT) apprenticeship program in power plant operations.
- Gained hands-on experience in thermal power plant machinery maintenance, equipment safety, and plant operations.

INDUSTRIAL INTERNSHIP

Industrial Intern (6 Months) — Arysta Life Science Pvt. Ltd.

- Granulation & Compression Department: Handled unit machinery operations and process parameters.
- Packing Department: Managed automated bottle filling auto run line operations.

EDUCATIONAL QUALIFICATION

Degree / Qualification	Institute / Board	Year	Score / CGPA
B.E. in Mechanical Engineering	D A Degree Engg. & Tech. (GTU)	2019 – 2023	7.74 CGPA
Diploma in Mechanical Engg.	Govt. Polytechnic Palanpur (GTU)	2013 – 2016	90.04%
10th (SSC)	G.S.E.B. Board	2013	80.66%

PERSONAL DETAILS & INFO

Date of Birth:	02 October 1997	Marital Status:	Married
Father's Name:	Raysang Bhai	Nationality:	Indian
Languages Known:	English, Hindi, Gujarati	Hobbies:	Cricket, Singing, Travelling

DECLARATION

I hereby declare that all the details provided above are true, complete, and correct to the best of my knowledge and belief.
